It's on!

We had such a terrific time last year, we are doing it again! Join us for an exciting and adrenaline-fuelled karting challenge (and a great networking opportunity) as we look to find the greatest kart drivers and teams in the local professional scene.

Why not invite your colleagues from other professions? May be lawyers v architects or financial planners v accountants?

The evening starts with a briefing and practice session. Then the races!

Prizes will be awarded.

All this is followed by the offer of good food at the [Neeld Arms](#) in Grittleton.
